Canada Summer Jobs Program

Canada Summer Jobs is an initiative of the Youth Employment Strategy, which is the Government of Canada's commitment to help young people between the ages of 15 and 30, particularly those facing barriers to employment, get the information and gain the skills, work experience and abilities they need to transition successfully into the labour market.

The program provides wage subsidies to employers from **not-for-profit organizations, the public-sector, and private sector organizations with 50 or fewer full-time employees**, to create quality summer work experiences for young people aged 15 to 30 years.

These youth summer work experiences represent important pathways facilitating future transitions to the workforce.

Deadline to apply is January 25, 2019. Click [HERE](#) for more information and the application.
