Capitol Centre, an important asset!

Last week, The Capitol Centre held its Annual General Meeting and announced its financial results for 2017. As we know from the various media sources, 2017 was a disappointing year and there is no doubt that the volunteer Board and staff will be working diligently to reverse this trend. The Capitol Centre is an important part of our community and more so, the heart of our downtown core.

We are very fortunate to have a performing arts centre in our City and the support of the community is essential to its survival. The economic downturn in mining, forestry and ancillary services over the past number of years, has had its effects on our entire district.

The lack of disposable income to support these types of venues, through this recession, is more likely than not, one of the major factors that is the root cause.

Hopefully, with the upturn in the mining and forestry sectors, the trend will be reversed, and the Capitol Centre will see the direct benefit of this economic recovery. The Mayor and City Council have been very supportive of this City owned asset and have always recognized its importance to not only our City, but all our surrounding municipalities. It has been and will continue to be a gathering place for our Arts and Culture community and vitally important for our downtown.

Also last week, the North Bay & District Chamber of Commerce hosted Karl Baldauf, VP of Policy and Government Relations from the Ontario Chamber of Commerce. Despite adverse weather conditions, Karl made his way to North Bay to present the Chamber's Ontario Economic Report. This report completed by the Ontario Chamber, represents the collective voice of the grassroots Chamber's membership through the Business Confidence Survey, which provides the Business Prosperity Index and the Economic Outlook. It also detailed the Chamber's policy priorities for the coming year, based on economic research and consultation with their members.

The report which can be accessed at <http://www.occ.ca/ontario-economic-report/> provides much needed context for the business community, as we approach the upcoming Provincial election. The report outlines many issues that we are facing as a province and provides a basis for the Ontario Chambers "Vote Prosperity" campaign. This campaign will challenge all parties to provide their platforms, on how they will return the province to a place of prosperity and opportunity. The Ontario Chamber of Commerce survey results, for the past two years, have indicated that confidence in the Province has declined substantially within our business community.

It is an interesting read for all and we will continue to update our members, as the policy details are rolled out from all parties.

Penney&Company Celebrates 25 Years!

Penney&Company is now well into its 25th year of business in the area, offering graphic and digital design, as well as branded promotional products to its customers.

The area's longest-serving graphic design business, owned by Bernard and Linda Penney continues to offer superior communications and related products to their ever-growing list of clients. Their latest venture is the design and production of custom-branded promotional products and clothing through **Showoffs**.

Relocating to Powassan in 2010 has helped expand the company's footprint to the south. Penney&Company and Showoffs continue to provide area businesses and institutions with marketing, design, and branding solutions.

A director of the Chamber of Commerce for 13 of these 25 years, and sponsor of numerous area fund raising initiatives and events, Penney&Company continues its tradition of helping businesses to creatively promote themselves.

The Ontario Chamber of Commerce (OCC), along with the Chamber network, launched a major province-wide letter writing campaign urging businesses to encourage their local provincial candidates to support the OCC's election platform, *Vote Prosperity*. To ensure economic prosperity is at the forefront of the 2018 provincial election, the OCC has developed 18 recommendations that will help bolster Ontario's long-term economic outcomes.

To view the document *Vote Prosperity* by clicking on the icon above. There is also a link to send a letter to the local provincial candidates asking them to support the election platform.

Also the social media campaign for *Vote Prosperity* has begun.

The North Bay & District Chamber of Commerce has joined forces with the North Bay Foodbank by engaging our membership in the support of a major change effort underway in North Bay. We are sending out a **Chamber Challenge** and calling on you to support the North Bay Foodbank's resilience project. Support can be straightforward, the North Bay Foodbank is looking for you to help this project by engaging in the following ways:

1. Donation Bin

Engage your organization to donate periodically by bringing in just one extra food item at lunch. You can support this effort by accepting a dedicated donation bin from the Foodbank and promote filling the bin using "[dress down Fridays](#)" in exchange for a food item" or many other creative methods to align and engage the team at your workplace. Workplaces that accept a bin and [engage their team](#) can offset thousands of dollars of food purchase expenses, create workplace norms that help our community and will benefit from greater staff engagement.

2. "Just 1" Habit

Promoting the game-changing idea that a social habit of donating just one of the "[foods of the month](#)" each time we shop for food, will supply enough food to feed those most in need.

3. Community Capital

Choose one of the community [capital packages](#): Community Supporter, Community Partner or Community Leader and contribute a reoccurring amount or one time support to the North Bay Foodbank and reap the [recognition benefits](#) of their new reach via a redesigned website and enhanced social reach. We will also be recognizing capital supporters at our evening of excellence award ceremony.

Community Capital funds our next steps toward addressing food insecurity. Community Capital supports initiatives like "Just 1", community awareness, facilitates community and corporate engagement – and special projects that bring a compounded return on investment. For example, our corporate donation bins, a product of community capital funding, amounts to a minimum of a fivefold return on investment per year in perpetuity. Honda's Community Capital investment in supplying the North Bay Foodbank with a vehicle means we can pick up the corporate donation bins and has enabled a large portion of this program to work. Sofa Communication contributed their time and bench strength of intellectuals to further enhance a purchased platform to reach and promote these essential initiatives online and in print – amounting to substantial increases in online community support. A usual monetary donation helps us purchase food and keep the lights on to support the current needs; a Community Capital donation allows us to launch initiatives to improve our impact on the ongoing food insecurity and meet all future needs. **Community Capital will enable us to get better at what we do**, and we believe Community Capital will one day be the source of our ability to tackle the complex causes of food insecurity with success.

As a member that invests in this project's success, you will reap a return on investment that is unmatched – positive local community impact. The North Bay Foodbank is piloting many new concepts to promote adopting individual and corporate habits that are intended to become broader norms that have the potential to end food insecurity beyond just our community – please join their efforts to change the way we support one another.

Website Advertising

Special Offer for Chamber Members

WHAT WILL A WEBSITE AD DO FOR YOU?

Helps you with your *marketing*:

- The website ads feature a private tracking area that will allow your company access to information on the number of times the website advertisement was viewed, and how many times it was clicked on.

Helps you with your *sales*:

- The banner ad can be linked to the company's own web site if desired, helping to increase your sales.

Helps you with your *image*:

- The professional creative team will assist you in creating your ad, for an additional charge.
